SUMMARY

Java Full-Stack Developer with hands-on experience building web applications through academic projects and self-driven learning. Comfortable working across both frontend and backend, with a strong foundation in core concepts and a problem-solving mindset. Eager to contribute to a team, grow through real-world challenges, and deliver code that is clean, reliable, and scalable.

PROFESSIONAL EXPERIENCE

Java Full-Stack Developer Intern

Pantech eSolutions

Jun 20 on 2025 – Jul 20 on 2025

- Developed and maintained full-stack web applications using Java, Spring Boot, Hibernate, HTML, CSS, JavaScript, and MySQL.
- Designed RESTful APIs and integrated frontend with backend for seamless data flow.
- Implemented user authentication, role-based access control, and responsive UI components.
- Collaborated in an Agile environment, participating in code reviews and sprint planning.
- Optimized database queries and improved application performance by 20%.

PROJECTS

Smart Queue Canteen Management System

Jun 2024 - Sep 2024

Designed and developed a queue-based ordering system using ESP32, captive portal, and mobile app integration to manage canteen crowds efficiently. Implemented mobile payment methods and generated QR codes for order verification via thermal printer. Enhanced user experience by limiting ordering slots to 2 minutes per user in a first-come-first-serve queue.

TECHNICAL SKILLS

- Core Java
- Frontend Development
- Docker and AWS
- Microservices
- Data Structure using Java
- Backend Development
- SpringBoot
- OOPS
- Postgresql
- PHP

SOFT SKILLS

- Leadership
- Adaptability
- Communication
- Teamwork
- Problem Solving
- Self-Motivated

EDUCATION

Bachelor of Technology

Aug 2023 - Aug 2027

Sathyabama University

Studied core subjects including Data Structures, Operating Systems, and Web Technologies. Developed technical and problem-solving skills through academic and project work

ADDITIONAL INFORMATION

Languages: English, Tamil.

Awards:

- Presented research papers in two academic conferences, demonstrating communication and technical presentation skills .
- Secured Top 12 position in DecodeX 2026, showcasing problem-solving and coding abilities

Certifications:

- Java Programming – National Programme on Technology Enhanced Learning (NPTEL)
- Design Thinking & Innovation – NPTEL
- Internet of Things (IoT) Fundamentals – NPTEL
